## About me

Highly creative and experienced UX UI designer with over 2 years of experience managing campaigns and design projects by creating web designs, social media content and more. I'm excited to work at a digital marketing agency where I can be involved in a team to deliver the best results for clients.

## Experience

### UI UX Designer

oqurystudio.com

Yogyakarta, Indonesia - Internship  
Oct 2022 - Dec 2022

I work as a UI designer who helps in web development design for hotels in Yogyakarta and creates material about UI UX design for bootcamps

### UI UX Designer

UPT TIK State University of Jakarta

East Jakarta, Indonesia - Internship  
Oct 2022 - Dec 2022

I am working on a project to create a web Internship Information Systems Website. The workflow includes wireframe, then I turned the wireframe into a final mockup. We collaborate using Figma making it easier to manage input. Working as a complete UI Designer makes me even better focus on small details in the design, so I can improve them The design is more so that it is useful yet beautiful for the user.

### Freelance UI UX Designer

Remote  
2023 - Now

I started my career in UI/UX design as a freelancer, both hands-on with clients or from freelance websites like upwork. I've already have been freelancing since 2023. So I have worked with overseas clients my whole career, and I enjoy working remotely

### Founder & Desinger

dosdev.com

North Jakarta, Indonesia  
Sep 2023 - Now

Dosdev is a small web development agency that I created with my programmer friend in 2023. I have some roles in this team, as UI/UX designer of course, and sometimes I also do the frontend part. In this team, I learn how to manage projects, create a project timeline, and also handling clients directly.

## Education

### State Vocational School 12 Jakarta

Majoring in Software Engineering

North Jakarta, Indonesia. Graduated in 2024
